Fashion Friend-zy: Ready, Set, Celebrate! Get Glowing this Party Season in the Season's Best Looks!

By Genny Iannucci

Get ready to shake and stir the holiday party circuit in seriously stellar holiday wear. Lace, velvet and sequins are the season's darlings and are sure to earn you a top spot on the 'nice' list!

Twinkle, Twinkle You're the Star - Shimmering sequins dazzle this season in sophisticated noir, metallics, ruby red, sapphire and opulent purples. Newest on the fashion radar are sleeveless tanks, smouldering sheath dresses, sexy sequin skirts, eye-catching evening bags as well as my personal faves- glamorous sequin jackets (both cropped and boyfriend inspired) and cardis. Appropriate from sun up to sundown, casual as well as black-tie, sequins amp up your style whether worn with jeans and a 'T' or your favourite LBD.

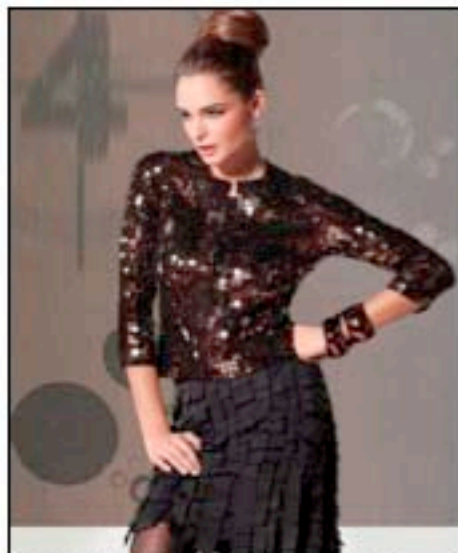

'Tis the Season to Wear Velvet - Totally touchable velvet is a holiday classic, but this season opt for a lush jewel tone to set your look on fire! For endless party worthy looks, consider investing in a velvet skirt, pant or jacket. For formal fêtes, team velvet separates with luxurious fabrics such as sequins, silk, satin and brocade. Invited to a mid-day holiday brunch? No need to fret, just top your velvet skirt or pant with a chunky cable knit cardi or sweater. Complete with tights and suede booties for a look that's merry and right!

Just in Lace - A little lace dress is magical for evening especially in black, cream or a burnished metallic. Sophisticated yet sexy, naughty yet oh so nice, steal the scene by choosing a dress featuring a nude, neutral or deepened jewel tone lining. Add extra sizzle with a patent shoe or clutch. Prefer your lace in smaller measures? Consider a lace tank, blouse or knit detailed in lace – the perfect partners to trousers, jeans or sleek pencil skirts. Black lace shoes, booties or clutches (stunning with jewel tone dresses or a simple LBD) as well as lace skirts (gorgeous with silk tops or fine knits) are additional ways to celebrate in style!

Get glam and have fun!
