get the look

the sexy '70s

BY CATHERINE DUNWOODY

TREND WATCH Retro influences are everywhere this spring and summer, but one trend in particular that I love is the sexy top with a glamorous '70s vibe. Look for tunics and silky tops in solids or boho prints, with embellishments like beading or fluttery petals.

HOW TO WEAR IT These tops look great with skinny pants, slim skirts, plus your favourite jeans, of course.

WHERE TO GET IT Check your favourite shops, including boutiques and department stores.
